a.shaw@nomadik12.com

Objective: To gain employment with a progressive business.

EXPERIENCE:**InkFarm.com**

October 2012- present

In addition to my duties as a warehouse shipping agent, I also create online ads for the company.

Seattle Central International Education Program - Webmaster

April 2011- October 2012

I maintained and updated the schools current site with important upgrades, form uploads, text revision, as well as server side maintenance. I also worked very closely not only with a dedicated developer but with various school advisers and department heads to make sure their needs on the site were met. In addition to my duties as webmaster, I was also the chief designer for our departments' site redesign.

Freelance - Web Designer / Developer

Nov 2011- present

- I meet and correspond with clients to determine their needs using my comprehensive knowledge of HTML, Html5, CSS, CSS3, Flash, PHP programming, Code Igniter, MySql, JavaScript as well as various cms platforms.
- I have designed and implemented custom templates, new web interfaces, layouts, online shopping carts and site graphics.
- I have created and designed test web sites for sales as well as demonstration purposes.
- I make certain of the quality of finished websites including copy writing, proofreading, and search engine optimization.

- Performed validation of completed sites including the debugging and testing of code, and the validation of web forms and links in addition to 404 redirects.
- Co developed a dynamic multilingual website for a Seattle based nonprofit organization.
- I have facilitated training on the use of programs such as Word press and other CMS platforms in addition to writing comprehensive instructions manuals on use and maintenance of various sites.

Languages: CSS, CSS3, PHP, HTML, HTML5, Flash, Action script, and JavaScript.
